MOHAMED WASSIM MAAZAOUI

Junior Mechanical Engineer
+216 53 319 983 | mohamedwassimmaazaoui@gmail.com | LinkedIn | Portfolio

PROFILE

Final-year Mechanical Engineering student with hands-on experience in CAD modeling, numerical simulation, CAM, and system modelling and simulation. Skilled in SolidWorks, Creo, MATLAB, and Abaqus, with a strong background in mechanical design, system modeling, and manufacturing. Analytical and detail-oriented, seeking an entry-level role in design, manufacturing, or simulation engineering.

SKILLS

- **Mechanical Design:** 3D modeling of parts and assemblies, technical drawing
- **Simulation:** Mechanical and thermal simulation using finite element analysis (FEA), CFD simulations for fluids and thermal systems
- **Manufacturing & Machining:** Machining processes, CNC programming, manual manufacturing operations (cutting, drilling, tapping, assembly)
- **Robotics:** Modeling and design; Arduino, MATLAB, and Python programming for robotics applications
- **CAD Software:** SolidWorks, Creo
- **FEA and CFD Software:** Abaqus, ANSYS Fluent, SolidWorks Simulation
- **System modelling and simulation:** MATLAB
- **Programming:** Python, Arduino
- **Project Management & Office Tools:** 3DExperience, Microsoft Office

EXPERIENCE

Mechanical Engineering Intern | CNR-ITAE, Messina, Italy April 2026 - June 2026

- Performed numerical modelling and performance evaluation of an electrolysis system for hydrogen production within the framework of the INTERREG NEXT Italie-Tunisie project.

Mechanical Engineering Intern | METechnics, Sidi Rzig, Tunisia August 2025 - September 2025

- Designed and 3D modeled mechanical parts using SolidWorks.
- Performed CNC programming and manufacturing operations, including cutting, drilling, and assembly.

Mechanical Engineering Intern | SEBN-TN, Jendouba, Tunisia August 2024 - September 2024

- Participated in industrial maintenance activities.
- Supported the quality department with production inspections.

EDUCATION

National Mechanical Engineering Degree | ENIM (National Engineering School of Monastir) 2023 - 2026

Preparatory Cycle | Bizerte Preparatory Engineering Institute (IPEIB) 2020 - 2023

CERTIFICATIONS

- CSWA: Certified SolidWorks Associate
- CSWP: Certified SolidWorks Professional
- 3DSwymer Associate
- SOLIDWORKS Surfacing Professional
- SOLIDWORKS Sheet Metal Professional
- SOLIDWORKS Drawing Tools Professional
- SOLIDWORKS Simulation Professional
- SOLIDWORKS Simulation Associate

LANGUAGES

English, Italian, Arabic, French
